## PARAGLIDING

### INFO

---

#### INSURANCE

It is important that you have adequate cover for medical and repatriation services. Please check your policy to make sure it is valid for the time you are with us, it covers paragliding and also that it is valid for the location booked. Prior to the course we will be asking to see your insurance details to ensure your safety. Should you not have valid cover, you will NOT be granted a place on the course and you will receive no refund.

#### RADIOS / CHARGERS

It is important you bring a 2m radio which can receive and transmit from 140.00 – 145.00. We will not provide any radios or radio chargers, so it is important you bring those yourself. Radios, radio batteries and antennas are hard to find on paragliding sites. If you would like to hire a radio, please let us know.

#### EAR PIECES

Due to wind noise, it can be easier to hear your instructor when using an ear piece or push to talk. However, we do not provide them on the course due to their complications and fragility. If you would like to use one, please ensure it is fully functional.

#### EQUIPMENT

We are happy to help you with any issues you may have but please do not leave it too late to check your equipment. Important points to consider:

- Check to see if your paraglider is airworthy or consider a service.
- Check your equipment to see if there are any areas which are perishing

#### CAMERAS

During the course, the use of cameras is permitted so long as they are mounted to your chest, knee or foot etc. We do not allow or advocate the use of helmet mounts.

#### LIFE JACKETS

Self inflating life jackets will be provided for the duration of the course

#### RESERVE PARACUTE

Ensure your parachute system has been checked and repacked within the last 12 months and all other equipment is airworthy.

#### FOOTWEAR

Please bring appropriate footwear for your flying with ankle support and sufficient grip

### HOTEL

Magic Tulip Beach

The team stays here, and all briefings will be in the hotel, you are free to stay wherever you like but it is great to be close by.

<https://www.magictulipbeach.com/en/home-page/>

Hotel Manager WhatsApp Ibrahim +90 532 273 07 83

PLEASE NOTE THERE IS ANOTHER HOTEL CALLED THE "MAGIC TULIP"

Contact Ibrahim letting him know your requirements and that you are attending a course with RISE Paragliding.

### AIRPORT TRANSFER

Please WhatsApp: Babadag Eagle: +90 537 722 92 76

Contact Vulcan and let him know your requirements and the details below.

- Your Name
- Date
- flight number
- Rise Paragliding

### WHAT TO BRING

2M radio and a spare if you have it.

Everything you need to fly.

No Cameras on helmets, you can usually buy knee mounts locally.

Dress for altitude its 5,000 ft high you may need warm clothes, bring them.

Suitable foot wear.

Suncream.

Hat and sunglasses.

### PARAGLIDING LICENCE

In Oludeniz you are now required to have your license at all times, please carry it with you. An IPPI card / BHPA license is great, but your local license should also work.

You will also need to register each flight and you will be given a barcode to gain entry to take-off. More details here: <https://shmfethiye.kapadokya.edu.tr/en/fethiye>

### FORESTRY TAX

Forestry tax is not included and is required to be paid on your entry to the mountain. You'll need cash or card with you for each flight.

### INSURANCE

Please bring a copy of your insurance for our records.
